## READY FOR THE VOTING

Hot Race For U. S. Senatorship Will Be Decided Saturday

This issue of the I. J. goes to press on the eve of the state senatorial primary with interest at white heat all over the state.

For the long term it is generally conceded by all but the most enthusiastic of the friends of the Governor, that the race is between Beckham and Stanley with McCleary third. Friends of the latter, however, are unwilling to admit this, however, and are making extravagant claims of the game for Williams.

For the short term, it appears to be the general impression that Senator James N. Camden will win his overwhelming victory over Col. George H. Young and Hon. H. H. Smith, with his opponents finishing about in the order named.

Now in Lincoln friends of the three long-term candidates have left no stone unturned to get out a big vote for their favorites. The friends of Beckham claim that he will carry the county if his friends will come out to the polls.

The McCleary men seem to be certain that they will carry it over Beckham, the race apparently resting between those two in this county, with Stanley having quite a following, who refuse to concede anything to his opponents.

So far it appears that the McCleary leaders are well supplied with money for the "boy" and as yet there little Beckham or Stanley money in sight.

With the prospects of "something doing" a big vote is expected to turn out.

The polls open at seven o'clock Saturday morning and close promptly at four. Returns from all precincts in the county and over the state will be received at the I. J. office as soon as the count is made.

## Primary Forecast by Beckham Leaders

The primary will be under way by the time this reaches most of the readers of the I. J., and the following is given as an estimate of how Gov. Beckham's campaign managers expect him to win.

With Louisville out, the minimum estimate is that Mr. Beckham will carry the city by 27,000. If Mr. Beckham gets a plurality of 2,500 in Louisville his managers say his state pluralities will be fully 30,000. All the figures given are made on an estimated vote in the primary of 125,000. If the vote goes as high as 150,000 Mr. Beckham's supporters believe the latter's majority will approximate 40,000.

The statement, which will be found below, shows that every county in the state has been considered and also shows that the opposition to Mr. Beckham in Eastern Kentucky has collapsed.

The statement by Mr. Beckham's managers follows:

Beckham will carry nine congressional districts, minus two counties, majority of 27,000.

Stanley will carry his own district and by a majority of less than 2,500. McCleary will not carry a single congressional district.

First District, Thirteen counties, Beckham ten; Stanley, one; one standard Beckham's majority, 2,500.

Second District, Eight counties, Stanley seven; Beckham one; Stanley's majority, 2,450.

Third District, Ten counties, Beckham, eight; Stanley, two; Beckham's majority, 3,750.

Fourth District, Thirteen counties, Beckham, ten; Stanley, three; Beckham's majority, 3,000.

Fifth District, Stand off.

Sixth District, Eight counties, Beckham, six; Stanley, two; Beckham's majority, 1,300.

Seventh District, Twelve counties, Beckham, six; Stanley, one stand-off; Beckham's majority, 3,950.

Eighth District, Thirteen counties, Beckham, nine; Stanley, one; McCleary, one; Beckham's majority, 3,000.

Ninth District, Nineteen counties, Beckham, sixteen; Stanley, one; two stand-offs; Beckham's majority, 4,200.

Tenth District, Ten counties, Beckham, ten; Beckham's majority, 3,500.

Eleventh District, Fifteen counties, Beckham, thirteen; Stanley, two; Beckham's majority, 4,500.

She will be widely missed throughout this community. Her remains were laid to rest at Mt. Zion to await the summons of her resurrection moment.

### Writes a Letter Declaring Ernst Was No Friend of Her Father

In the race in the between former Governor Angus L. Wilson and Richard P. Ernst, for the republican nomination for U. S. Senator in the last few days owing to a bitter contention which has arisen between them and their friends as to which the late Senator Bradley intended to succeed him. The republican state committee is trying to nominate another, but Wilson has many loyal friends. Most of the leading republicans of Lincoln county are for Wilson.

The latest Austria-Hungarian troops are engaged in a bombardment of Belgrade, the capital of Serbia, a report from Semlin stating that the city had fallen, though this report was not confirmed. The invading troops crossed the Danube and Sava and turned their guns on the principal streets of the city, Germany sent an ultimatum to Russia, demanding that Russia should withdraw its troops.

The news was received here Tuesday by J. S. Turpin, that his cousin S. M. Turpin, of Paris had been killed. Following is the account given in the Paris paper.

In an effort to arrest Ridley Kyle, a negro, in the negro settlement of Lylesville in the western part of Paris on July 28, Col. Edward Grey, Special Police Officer S. M. Turpin was killed by Kyle. Kyle was then shot and fatally wounded by Chief of Police Fred Link.

Officer Link and J. W. Kirk were in an automobile about to start for Lexington when notified that Reed was in and was terrorizing his neighborhood and they were asked to come and arrest him. They picked up Special Patrolman Turpin and took him to the scene of the trouble, intending to place Reed under arrest and have him taken to jail by Officer Turpin.

When the officers arrived at Reed's house, Officers King and Turpin advanced to the front door and Turpin went around the house to the rear door. Some of the neighbors, before sending for the officers, had put Reed in his bed and locked the door, and a negro who had been staying with Reed around Turpin around the house and was trying to open the door when a shotgun was thrust through the window and discharged into the left side of Patrolman Turpin almost tearing his body in two and killing him instantly. The negro who was with him was covered with his blood.

SHERMAN M. BAILEY ..... Proprietor  
#1 A YEAR STRICTLY IN ADVANCE  
Entered at the post office at Stanford as  
second class mail matter.

"If Stanley fails to win, it will be because he did not begin to shell the woods earlier in the fight," says the Hopkinsville Kentuckian, which is supporting the Second district man. My Goddard said the woodchopper, and away he went. Stanley has been away from his duties at Washington for almost a year, speaking almost every day and drawing his salary all the time. How much more shellhing does a worn-out friend? He suggested that the only "shellhing" now needed is for him to "shell out" the people's money he has drawn as salary while running around over the state after votes.

Judge O'Doherty on Beckham

Judge Matt O'Doherty, one of Louisville's ablest lawyers and leading Democrats, gave to a Louisville paper Saturday morning the following statement setting forth his reason why the Democrats of Kentucky and Louisville should cast their votes for Mr. J. C. W. Beckham for the Democratic nomination for United States Senator:

"I cannot bring myself to believe for a moment that any respecting democrat—men who have regard for ordinary decency in public affairs, or in public organization or discipline, will let the opportunity pass unimproved which the coming primary affords, to set the seal of their condemnation on the perfidy by which Gov. Beckham was deprived of the chairmanship six years ago, after having been regularly nominated for the office by the party he had so faithfully served.

"It will, I am confident, never be said of the great body of Kentucky Democrats that they condoned fraud or treachery by neglecting the opportunity of setting the seal of their condemnation upon it when the opportunity offered. In no other way than by the nomination of Gov. Beckham is it possible to effectively wipe out the stain on the fair name of Kentucky which the conspiracy which his defeat was accompanied placed upon it. Party integrity, party organization, party discipline and public decency, alike demand Gov. Beckham's nomination and election. Thus, and thus only, can the wrong done to him and to the democratic party of Kentucky in his person be righted."

Gov. Beckham's political enemies disclose the hopelessness and desperation of their opposition to his nomination by the absurdly false charges they have made against him. No slander that can be thought of appears too despicable in their eyes, if only it can be used to delude or deceive.

Gov. Beckham deserves well of his fellow citizens. He was called to the chair of the Chief Executive of the Commonwealth when the State was in a condition bordering upon anarchy. Violence and bloodshed were averted by the cool sense, admirable judgment and dominant courage which he, although then a very young man, brought to the discharge of his high office. Governor, in the honor he is now seeking. He has a double claim upon us—first, because he is eminently fit for the office, second, because all men know, by the most unflinching treachers he was deprived of the office six years ago, after having won by overwhelming vote the party's nomination. His nomination now is due alike to him and the democratic party. Its

## RHEUMATISM ARRESTED

Many people suffer the torments of lame muscles and stiff joints because of impurities in the blood, and each succeeding attack seems more acute than the last. Rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and uplift your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

## Death of Mrs. G. W. Isaacs

Her many friends over the county regretted to learn of the death of Mrs. G. W. Isaacs, wife of Dr. Isaacs, the well known physician of Waynesburg. She was a pleasant woman and will be missed and mourned by all who knew her. The L. J.'s lament correspondent erroneously stated last issue that she was ill with something like leprosy. Dr. Isaacs states that her death was directly to embouchard's wen complications. Dr. Isaacs and his family have the sympathy of many friends in their bereavement.

There is but little peace or comfort for the man or woman with a bad back. The distress begins in early morning keeps up throughout the day. It's hard to get out of bed; it's torture to stoop or straighten. Plasters and liniments may relieve the pain for a time, but fails to cure the kidneys. When suffering from this disease, Dr. Doan's Kidney Pills, the tested and proven kidney remedy, used in kidney troubles for over 30 years. Dr. Doan's Kidney Pills are recommended by thousands for just such cases. Proof of their effectiveness in the testimony of this Stanford resident.

"One of my family was troubled by dizzy spells and weakness of the kidneys," says Mrs. J. M. Lansford, of R. F. D. No. 4, Stanford. "He had backache and was very stiff and suffered from severe pains across his loins. Hearing of Dr. Doan's Kidney Pills, I tried them and was relieved from the first. He is no longer troubled and we are sure that the cure Dr. Doan's Kidney Pills made is permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Dr. Doan's Kidney Pills—the same that Mrs. Langford recommends. Foster-Millburn Co., Proprs., Buffalo, N. Y.

banks that is free to all. In addition to this we have another within our grounds which will serve the people in until further notice. These wells were dug during the driest weather and water was found in such quantities it was a difficult matter to get the timber in, owing to the rapid flow from the stream, hence water will be no object as it was the case with most tanks and fountains in the past year.

We have arranged a massive foot roadway in front of our entire grounds, consequently you may rest assured of not being crowded coming or going and after you are once in the grounds, it will be our aim for all parties to turn to the right, and a torty road will carry them easily around the grounds.
